CLOSED CAPTIONING

Highly accurate captions and translations

Closed captioning made simple!

WHY USE VIDEOLINQ

Select a video source, add human generated closed captioning, build a player, protect streams, and multi stream to 25 social media and other video platforms at the same time!

FOR LIVE BROADCASTS

- + Stenograph operators can add real-time closed captioning to live streams when they use a Videolinq partner.
- + Multi stream to Facebook, YouTube, Twitter/X, LinkedIn, Twitch, and more!

High Quality

Connect a live encoder and insert industry or language specific **99% accurate** closed captioning to live streams.

Easy Output

Broadcast **live video with CEA-608** compatible closed captioning to social media and other video platforms.

Addon Tools

Build a **Player** and point to any streaming service. Add a moderated **chat**, add **titles**, and **monitor** the broadcast.
